

Warranty For Your Irrigation System

COVERAGE WARRANTY

All systems installed by Affordable Irrigation are guaranteed to provide adequate coverage of water to all applicable areas of the yard. Adequate coverage is defined as enough water that the applicable area stays healthy. If after your irrigation system is installed, there are areas that are not receiving adequate water, Affordable Irrigation will correct the problem free of charge.

PARTS AND LABOR WARRANTY

Your system is comprised of quality Hunter and Rain Bird components. All the components of your system including the pipe, heads and controller are covered with a 2 year warranty from the date of installation. If any system component fails due to a material workmanship or defect Affordable Irrigation will replace that component at no charge to you.

Damage that is done through other parties coming in contact with the sprinkler system is not covered under this warranty.
